

2024-25 CTE Programs of Study

Tennessee's career and technical education (CTE) programs of study are meant to provide a relevant framework of industry-aligned, rigorous courses that progress a student in knowledge and skills year after year. They provide invaluable opportunities for students to experience a subject that they are passionate about and explore interests that lead to postsecondary learning and future career paths. These sequenced courses also reflect and support the three-credit elective focus requirement for graduation. Level-Year 1 courses are encouraged to be taken by students in middle school or ninth grade; however, districts may make scheduling decisions that work best for their communities and students.

**THIS PROGRAM STUDY GUIDE GOES INTO EFFECT FOR THE
2024-25 SCHOOL YEAR.**

SBE approved course codes for new courses for 2024-25 will not be released until January.

- JAGTN I, II, III, and IV
- Meat Science I, II and III
- Behavioral Health
- Behavioral Health Practicum
- Foundational Supervised Agricultural Experience II
- Exploring Business & Marketing
- Keyboarding Fundamentals
- Principles of Office Applications
- Advanced Office Applications
- Exploring Agricultural Education
- Introduction to Agricultural Education

Additional dual enrollment courses (V-X) have been added for each program of study. The following two programs of study (are new for 2024-25) also have all DE courses included, but these will not be available until the 2024-25 school year.

- Meat Science
- Behavioral Health

¹ Satisfies the third lab science credit required for graduation.

² May be taught for 1, 2, or 3 credits.

³ A student pursuing an Industry 4.0 diploma distinction may substitute their 4th credit of math with this work-based learning course.

⁴ May count for the computer science graduation requirement.

⁵ Satisfies the fourth math credit required for graduation.

Available courses for elective credit in this cluster:

- **Introduction to Geographical Information Systems (GIS)** (C18H39) is a supplemental course that can be offered in addition to courses within these programs of study but does not count toward concentrator status.
